t dm RESOLVESM

SUPPORT CENTER

All TDM Enterprise Communications and Cloud solutions include full, live-person, U.S.-based support for the life of your services.

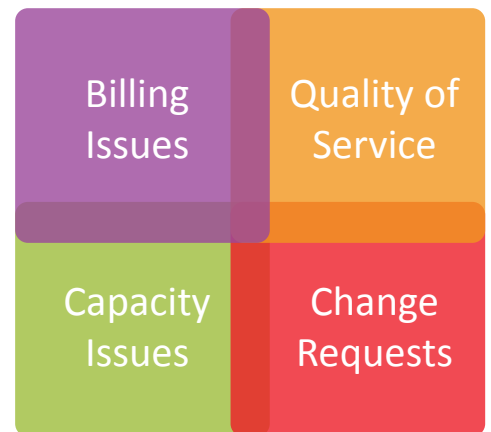

Regardless of the complexity of your solution, with our remarkable TDM ResolveSM, 24x7 U.S. based support, all it takes is a single call or email for any type of support or service issue.

Don't spend one more minute on hold with an unresponsive supplier.

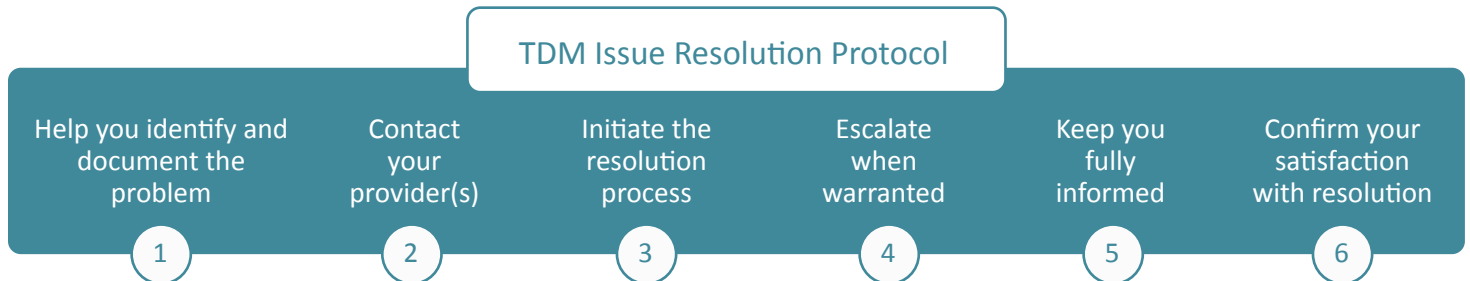

If multiple suppliers or providers are involved in resolving your problem, we'll coordinate it all for you.

Our vast provider network and deep, long-term relationships foster faster provider **response** time, appropriate **attention** and escalation, and rapid **resolution**.

If you've ever tried getting quick support or problem resolution from most any service provider, you know how timesaving and invaluable this service could be!
